

In the reply of the State Govt the following shortcomings are still remained.

1. State Govt may review the data given about forest land diverted , CA stipulated and progress of CA in para 14 of online Part II again as still not found correct and intimate the correct figures accordingly. Any mismatch in the data should be adequately clarified.
2. The State Govt asked vide this office letter dated 17-11-2016 to submit original copy of revised documents to this office which is still not provided by the State Govt.
3. Approximate distance of the proposed site towards inside of the forest from boundary of forest may also need to provide in online Part II.
4. The village wise proceeding for village Sailsain uploaded as an additional document in online Part I is undated and the date on which the proceeding signed by the concerned authorities are of Nov, 2016 which is procedurally incorrect because the date of FRA uploaded in column K of online Part I is of March, 2015 and the date of proceeding of sub divisional level committee is of January, 2015, therefore the State Govt may do the necessary correction and upload the revised FRA certificate with all correct annexure in column K of online Part I. The any kind of correction in the document is needed to be authenticated by the respective authorities.
