विषय:

Diversion of 4.9069 ha. of forest land in favour of M/s CLIFF FINVEST PRIVATE Ltd., I-41, DFL, Industrial area, Phase-I, Faridabad, Haryana121003, for the construction of 5.00 MW Thaltukhod Stage-I, SHEP, within the jurisdiction of Joginder Nagar Forest Division, Distt. Mandi, Himachal Pradesh.

सन्दर्भ:

Online proposal no FP/HP/HYD/25572/2017 reply received on 31.01.2026

महोदय,

मुझे आपका ध्यान उपर्युक्त विषय से संदर्भांकित पत्र की ओर दिलाने का निर्देश हुआ है, जिसमें वन (संरक्षण एवं संवर्धन) अधिनियम, 1980 की धारा- 2 के अनुसार गैर वानिकी उद्देश्य के लिए 4.9069 हेक्टेयर वन भूमि की मांग की गई है।

2. राज्य सरकार द्वारा इस कार्यालय के समसंख्यक पत्र दिनांक 28.12.2023 के अनुपालन में भेजा गया स्पष्टिकरण पूरी तरह से स्पष्ट नहीं है, अतः प्रस्ताव से सम्बंधित जानकारी भेजने का कष्ट करे:

1. **In reference to Observation No. 4**, it is noted that, as per DSS, the DGPS map of the KML needs to be revised. The DGPS map uploaded by the State Government does not indicate the latitude and longitude of the proposed components. In this regard, the State Government is requested to upload the revised DGPS map and ensure that the latitude and longitude of all proposed components are clearly marked in accordance with the corresponding KML file.
2. **In reference to the observation No-5**, As per the DSS analysis following clarification needs to be submitted, as below:-
 - I. out of the total area of 10 ha, approximately 1 ha falls under the Very Dense Forest (VDF) category and about 5 ha falls under the Moderately Dense Forest (MDF) category.
 - II. Further, it has been observed that the DGPS map uploaded at S. No. 13(iii) in Part-II pertains to the proposed project site instead of the revised CA site. Accordingly, the State Government may be requested to upload the revised DGPS map of the CA site.
3. Further, clarification is required from the State Government in light of the Nodal Officer's letter and the Site Suitability Certificate, as the following discrepancies/shortcomings have been observed:-
 - I. The State Government may clarify whether the revised CA site pertains to UPF Bharahatu or DPF Bharahatu.
 - II. As per the Site Suitability Certificate, justification has been provided for UPF Bharahatu; however, it is also stated that DPF Bharahatu is suitable for CA as it contains scattered trees. This requires clear and unambiguous clarification.
 - III. The revenue records submitted pertain to DPF Bharahatu.

IV. However, as per the CA scheme and the details furnished at S. No. 13(i), pertains to of UPF Bharahatu.

4. It has been examined that under **Part-II, S. No. 13**, four documents pertaining to tree enumeration have been uploaded, as detailed below:

- I. **S. No. 13(8), Part-II:** List of trees proposed to be felled – **136 trees**
- II. **S. No. 13(9), Part-II:** List of trees not to be felled – **82 trees**
- III. **S. No. 13(10), Part-II:** Trees located in the muck dumping site – **23 trees**

However, as per the total enumeration list uploaded at **S. No. 13(11)** and **S. No. 4(i), Part-II**, the total number of trees proposed for felling is indicated as **241 trees**, which does not align with the above details. In this regard, State Govt needs to mention the exact number of trees proposed for felling within the Diversion Area (DA), and updated the **S. No. 4(i), Part-II**, accordingly.

5. The State Government needs to submit an undertaking to the effect that no green standing trees shall be felled at the identified dumping sites. It is also ensure that adequate protection measures and scientifically sound conservation practices are adopted to safeguard and preserve the existing tree cover at such site.

यह पत्र सक्षम अधिकारी के अनुमोदन उपरांत जारी की जा रही है ।

भवदीय,
ह 0/-
