(1642.50Sq.m. i.e.0.1643 Hectares Area.)

Dear Sir,

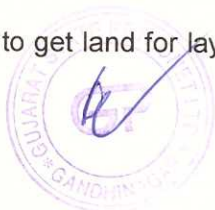

Please find enclosed herewith a proposal along with Annexure in four Copies for granting of No Objection Certificate for laying 4"Ø MDPE Gas Pipeline in Protected Forest land as mentioned above.

It may kindly be noted that pipeline will be laid in Anand District – Along/Across SH-8 (Vataman-Tarapur), MDR(Tarapur-Dunghari) and Along SH-6 (Tarapur-Dunghari) from Gujarat Gas CNG Station Vataman to Connect Sunshine Glass, Orient Glazes Private Limited & Enertech Fuel Solution in Taluka-Tarapur, Dist. Anand as said herein.

The pipeline will be laid by excavation of a narrow strip of trench of 300 cm, and by horizontal directional drilling (HDD) for pushing the casing pipe wherever required. The same strips of the trench will be reinstated to its original condition and the land area in question will not be required to be handed over to the Gujarat State Petronet Limited (GSPL) for its exclusive use. The Applicant will not have any right other than that of the user. It is also intimated that no structure will be erected on the pipeline route.

The pipeline route proposed is the most economical and it is necessary to lay Along/Across SH-8 (Vataman-Tarapur), MDR(Tarapur-Dunghari) and along SH-6 (Tarapur-Dunghari) from Gujarat Gas CNG Station Vataman to Connect Sunshine Glass, Orient Glazes Private Limited & Enertech Fuel Solution in Taluka-Tarapur, Dist. Anand as stated herein above. It is not possible now any other alternative route except to use the proposed route of pipeline. The Executive Engineer, R&B Div. & GSRDC, Gandhinagar have been requested to allow to lay pipeline as stated herein above and permission is likely to be received shortly.

It is not possible to get land for laying the pipeline other than the road being used by the Forest Department.
