

Renewal of mining lease to Makhroti Slates Quarry over an area of 1.392 hectare of forest land in favour of M/s Himachal Slates Stones Mahalla Bangtu. P.O. Chamba.

Following shortcomings still remains which may be attended:

1. However, at column No. A-8 (i), detail of the surrender land i.e. 04 ha is provided. So the KML file of 0.992 ha (1.392 ha - 0.4 ha) instead of KML file for the total area is required to be uploaded at Para C (ii) a (i) of Part-I.
2. The information uploaded at para E (ii) & (iii) is not matching with the information as provided in hard copy. Correct information may be given.
3. The detail land use plan in 14,000 scale prepared by using DGPS showing total station has not been uploaded at M-2 (vi) online Part-I. Only Location map on ISO toposheet on 1:50000 scale has been uploaded.
4. Instead of uploading digital map of area 0.992 ha, digital map 1.444767 ha land has been uploaded & submitted to this office. However, the user agency has surrendered 0.4 hectare land from the land diverted earlier, therefore, digital map of 0.992 ha of land required to be uploaded against appropriate column.
5. Correct digital showing safety zone area may be submitted to this office.
6. Copy of map of the outer boundary of mining lease area uploaded at para M-2 (viii) online part-I is not correct. Correct map of the outer boundary of mining lease area may be uploaded against appropriate column.
7. It has been submitted to this office that afforestation scheme on degraded forest land has already been selected on the project cost but copy of afforestation scheme alongwith digital map has not been submitted.
8. The compliance on conditions laid down in the approval of previous vide letter dated 28.05.2013 by the Govt. of India is required to be submit on (xviii) points.
9. Revised geo-referenced map of area proposed for diversion including safety zone area may be submitted to this office.

Divisional Forest Officer (FCA)
