Attention of the District Forest Officer is invited to the references cited. In the revised inspection note, he has stated that “the felling of Mangroove trees is not much in the proposed site”. It is not clear.

The District Forest Officer is requested to send a clear report about felling of trees if any in this project. If felling is not, he may be send “there is no felling of trees for the above project”.

The District Forest Officer is requested to specify regarding felling.
