Letter No. 1962 / (4F/2023) Date. 23-03-2023

To

The Deputy General Manager (E),
E.H.T (Const.) Division, Angul.

Sub:-

Proposal for diversion of 5.475 Ha. of forest land for construction of 132/33 KV Transmission Line from Grid Sub-station Boudh to proposed 220/132/33 KV Grid Sub-station at Kiakata.

Sir,

With reference to the above cited subject, it is to inform that the undersigned has conducted the site inspection on dt.20.03.2023 along with the OPTCL officials. During the Site Inspection, it was found that the transmission line work has already started in some stretches. At some of those points, the work executed on the ground deviates from the GPS Coordinates submitted in the diversion proposal. This might have an implication on the total amount of forest land to be diverted. Accordingly, the site inspection conducted on dt.20.03.2023 cannot be used for processing the above cited proposal.

In this regard, the original diversion proposal submitted by you is returned herewith for modification of the KML file and the Maps. You are requested to resubmit the said documents for further course of action at this end.

This is for your information and necessary action.

Yours faithfully,

Divisional Forest Officer,
Athmallik Division.
