GOI-5216
 6/2/21

Sub : Diversion of 3.45 ha Reserved Forest & Wildlife Sanctuary area for the project of Re-construction of Gidaradi-Bhaniya road (O.D.R.) Km. 11/00 to 17/200 (Working Section 12/400 to 17/000) Village-Bhaniya, Ta- Khambha, District-Amreli in favour of Dy. Executive Engineer, R&B Sub Division, Dhari of Gujarat.

Ref: Govt. of Gujarat letter No. FCA-1020/7-12/20/SF-162/F dated 21/12/2020.
Sir,

With reference to the above mention subject and letter under reference, after examination of the proposal undersigned is directed to request you to submit following information/ documents :

1. The proposed area is in the Reserved Forest & Wildlife Sanctuary area and UA is State R&B which attracts Para 2.5(f) of FCA, 1980 Handbook 2019 thus CA in non forest land shall be submitted.
2. The DCF, Gir East have placed several conditions and does not show clear cut recommendation in Part-II and SIR of the proposal. Thus, the State Govt is requested to kindly give mitigation measures or plan to fulfill the observations / recommendations of DCF, Gir East in Part-II and SIR of the proposal.

For information and early compliance necessary action.

Addl. Pri. Chief Conservator of Forests
 Land
 Gujarat State, Gandhinagar.

(viii) In case of bifurcation of States, during processing of proposals seeking prior approval of Central Government under the Forest (Conservation) Act, 1980, if the land identified for creation of CA is within the undivided State, and the forest land proposed to be diverted does not fall in the same newly created State, proposals shall continue to be processed without insisting on identification of non-forest land for creation of compensatory afforestation in the State in which the forest land proposed to be diverted is located. In such cases, if Central Government agrees In-principle for diversion of forest land for non-forest purpose, it shall be subject to a condition that amounts realized from the user agency for creation and maintenance of compensatory afforestation shall be transferred from the State with which the money has been deposited to the State in which the land identified for creation of compensatory afforestation is located. In case for some valid and cogent reason, cost of creation and maintenance of compensatory afforestation needs to be revised, additional amount, if any, will be realized from the concerned user agency and transferred to the State where CA is proposed. All other levies realized from the user agency in lieu of diversion of such forest land will however be retained in the State in which the forest land proposed to be diverted is located.

(ix) Non-forest land, not coming under the purview of FC Act, 1980 reclaimed by any user agency by planting native species of a minimum of 1000 trees per hectare and of minimum 10 cm diameter at breast height can be considered as CA in lieu of forest land to be diverted, without levying planting cost. The ownership of the non-forest land identified for the purpose of CA is to be transferred and mutated in favour of the State/UT Forest Department and declared as RF/PF under the Indian Forest Act, 1927 or State Forest Act / Rules / Regulations, before the Stage II approval.

2.5 Special provisions for CA for certain categories of projects:

(i) CA shall be raised and maintained at the cost of the user agency on degraded forest land twice in extent of the forest area diverted in the cases of:

- a. Laying of transmission lines;
- b. Laying of telephone/optical fibre lines;
- c. Mulberry plantation undertaken for silkworm rearing,
- d. Diversion of linear or 'strip' plantations declared as protected forest along road/ rail/canal sides for widening or expansion of road/rail/canal,
- e. Extraction of minor materials from the river beds,
- f. The projects implemented by the Central Government/PSUs, excluding Central Govt./Central PSUs Projects implemented by/through State Government and State Sector Projects implemented by the Central Government/PSUs
- g. Construction of link roads, small water works, minor irrigation works, school building, dispensaries, hospital, tiny rural industrial sheds of the Government or any other similar work excluding mining and encroachment cases, which directly benefit the people of the area in hill districts and in other districts having forest area exceeding 50% of the total geographical area, provided diversion of forest area does not exceed 20 hectares.
