

EDS dated 03.04.2017

FP/UK/ROAD/16321/2015

Construction of Simli - Sheleshwar Motor Road (1.44 ha)

The reply of this office online EDS dated 13.05.2016 & offline EDS dated 06.06.2016 has been submitted by the Addl. PCCF & Nodal Officer vide letter dated 10.02.2017 uploaded on 20.02.2017. Some shortcomings still remain in the proposal as per details given below:-

1. It is seen from FRA documents uploaded at Para-K of online Part-I that the District Level Committee meeting was held on 19.06.2015 but the date has not been mentioned in the FRA certificate issued by the DC. Further, it is also seen that the Sub Division Level Committee meeting was held on 12.03.2015 but the date is mentioned as 28.02.2015 and 22.06.2016 in the proceedings of Village Level Committee meeting of Naini & Kanot villages. These dates are not in a logical sequence. As per logical sequence Village Level Committee meetings are to be followed by the Sub Division Level Committee meeting & Sub Division Level Committee meeting is to be followed by the District Level Committee meeting and the FRA certificate is to be issued by the DC after District Level Committee meeting. Further, it is also seen that the proceedings of Village Level Committee meeting of Malla Gwad village shown in the village wise breakup in Para- B-2.3 has not been submitted.

State Government is requested to submit revised documents concerning FRA after removing the shortcomings pointed out above.
