The Block Development Officer is requested to rectify the following shortcomings and re-submit the corrected proposal via the Parivesh 1.0 web portal.

1. Clarification on the KML File:

- Justify the presence of forest as a small block surrounded by human habitation and farmland.
- Clarify how the proposed road bifurcates the Reserved Forest.
- Provide explanation regarding the KML endpoint within the forest boundary.

2. Topo Sheet Submission:

- Submit a properly scaled topo sheet showing the exact alignment of the proposed road crossing the forest boundary.
- If necessary, upload a corrected KML file matching the topo sheet.

3. Part-1 C Maps:

- Submit maps of the forest land proposed for diversion.

4. Geo-referenced Map and GPS Coordinates:

- Upload a scanned copy of the geo-referenced map of the proposed forest land (prepared using GPS/Total Station) with proper boundary markings.
- Upload the GPS coordinates.

5. Proper Documentation:

- Ensure that all documents uploaded under "Additional Details" in the portal are properly named and labelled.
- Re-upload any document that was previously submitted without appropriate file names or descriptions.

You are requested to take immediate action to correct and re-submit the proposal. This is issued for your necessary action in order to enable further processing by the Forest Department and onward submission to MoEF&CC.

2. Online application proposed No: FP/TN/Road/147896/2021, Dt:30.09.2021.

It is informed that, the Principal Chief Conservator of Forests (HoFF), Chennai has raised a query on the proposal resubmitted to the Principal Chief Conservator of Forests (HoFF), Chennai on 17.07.2025.

The District Forest Officer is requested to rectify the short commings noticed as follows.

**1. KML File:**

- As per the KML file , the forest areas looks like a small block surrounded by the human habitation and agricultural form lands and proposed road will bifurcate the RF area in two blocks. Further it is observed from the KML, the proposed road ends with in the forest boundary. This should be clarified. A
2. The Topo sheet drawing indicates that the road crosses the boundary. The KML file will be submitted as per the site condition.
3. In part I – C, Maps of forest land proposed to be diverted.

- 1) Sl.No.(iv) Scanned copy of the Geo referenced map of the forest land by using GPS  
(or) Total station.

Topo sheet has uploaded in this column. The GPS coordinates will be uploaded in this Sl.No.

- 2) Part - I Sl.No.4 - Additional information details.

The user agency uploaded various related documents in the additional details columns without the name of the documents and certificates.

The District Forest Officer is requested to raise a EDS to the User agency and rectify the short commings and resubmit the proposal in the web portal of Parivesh 1.0.

The proposal is returned.

5. EDS reply uploaded by the Chief Conservator of Forests, Trichy on 20.03.2025 and 17.07.2025.

\*\*\*\*\*

With reference to the above, the Government of India has raised the EDS on 22.10.2024, and stated as follows:

*"(i) As per the KML file, the forest area looks like a small block surrounded by human habitation and agricultural farmlands. The proposed road will bifurcate the Reserved Forest area in two blocks. Therefore, alternatives such as laying road along the periphery / boundary of the Reserved Forest block may be examined if feasible.*

*(ii) Further, it is observed from the KML that the proposed road abruptly ends within the forest. This may also be clarified."*

The Chief Conservator of Forests has not fully rectified the shortcomings and submitted the proposal on 20.03.2025. The Government of India has again raised the EDS 30.04.2025 and stated as follows:

*"This is with regard to the above subject wherein EDS reply has been furnished with respect to the proposal. Upon scrutiny of the details submitted by the State Forest Department, it has been observed that the revised kml file uploaded by the State Forest Department is identical to the previously mentioned one. Further, it also does not substantiate the clarification that road ends within the RF whereas the Toposheet drawing indicates that the road crosses the boundary.*

Hence, I am directed to request to upload the correct kml file in the Parivesh portal along with furnishing relevant clarifications on the EDS sought earlier at the earliest in order to take further necessary action."

The EDS reply uploaded by the Chief Conservator of Forests on 17.07.2025 has stated that, "revised / correct KML file has been uploaded by the User Agency (Block Development Officer, Peravurani) in the Parivesh Portal". On scrutiny, it is found that the shortcomings informed by the Government of India have not been rectified.

Hence, the Chief Conservator of Forests, Trichy, is requested to rectify the above shortcomings and resubmit the proposal along with a reply to the EDS raised by the Government of India, duly signed by him (a hard copy in the shape of "true copy by order" is not accepted by GoI, RO, Chennai) for taking further action immediately.
