

12 8 APR 2021

**Diversion of 6.2455 ha of forest land for the construction of Link road from Dadriara to Chakki Kms 0/0 to 13/500 within the jurisdiction of Dalhousie Forest Division Distt Chamba, HP.**

The following shortcoming has been noticed in the proposal, which may be completed:

1. There is difference in employment likely to be generated, mentioned against column No.E in online part-I and given in hard copy of the proposal. Against column No.E(ii), '15', and against column E(iii) 60000 has been mentioned whereas in hard copy of part-I against column No.1(vi),only '60000' mandays will be generated' has been mentioned. The employment details given in online part-I and mentioned in hard copy should match. Necessary corrections are required to be made in the employment details in online part-I, against column No.E(ii).
2. In online part-II, against column No.4(ii), the scientific name of the trees involved in the proposed road are not correct. The scientific name of Chil is not Pine. If the scientific name of all the trees are not appearing in the module, 'Others' is required to be selected and the scientific names of the trees involved should be mentioned within brackets with the local name of the trees as Chil(Pinus roxburghi).Further, the enumeration lists are required to be signed by DFO concerned. Presently these lists have been countersigned by DFO concerned.
3. CA has been proposed over 12.491ha of forest land but while calculating the forest area of KML file it is coming 14.8 ha instead of 12.491ha. Revised KML file of CA site is required to be uploaded.
4. There is difference in the shape and size of CA site digital map and map on toposheet uploaded against column No.13(iii) and 13(iv) in online part-II. The shape and size of CA site KML file, digital map and map on toposheet should match.
