Dear Sir/Madam,

As per trailing mail and telephonic communication with user, we would need to delete any EDS of RO, delete the recommendation of the SG and then update the data in Part-III regarding 'Whether forest area comes under LWE/OFC/LAC ?' from 'No' to 'Yes' since forest area is greater than 5 ha. to make the proposal visible to the State Government for granting In-Principle Approval. Kindly provide confirmation letter from either SG or RO for the same to the monitoring-fc@nic.in.

Sir,

In the proposal No.FP/SK/ROAD/15773/2015, the Stage-I as well as final approval issued by the State Government, Sikkim. The final approval was issued by the State Government on 10.08.2017 (copy enclosed). Now, the proposal shows pending at Regional Office due to EDS raised by **Approved By REC**. Please update the status of the proposal accordingly, so that the pendency at the Regional Office level should be removed.

With Regards,
Sub Office Kolkata
