सेवा में,

विशेष सचिव (वन),
उत्तर प्रदेश शासन,
बापू भवन, लखनऊ।

विषयः Construction of four lane Jalaun to Orai (Bilrayan)- Panwari Road SH21 from Km. 352.00 to 370.450, Bypass No. 1&2 and remaining part of NH(25) District- Jalaun, Uttar Pradesh

सन्दर्भः Online Proposal No. FP/UP/Road/17575/2016

महोदय,

उपरोक्त विषय पर मुझे आपके पत्र का संदर्भ लेते हुए सूचित करने का निर्देश हुआ है कि प्रस्ताव के निरिक्षण के उपरान्त प्रस्ताव में त्रुटियॉ पायी गयी हैं जो निम्नलिखित है–

1. The hard copy of the proposal has not been received. If required, further observation will also be conveyed after receipt of hard copy of the proposal.
2. At various places seal of different officials has not been affixed.
3. The information regarding period of forest land required is mentioned NIL in A-1(x) (part I of the proposal) which makes submission of proposal irrelevant & futile.
4. In part I B-2.3 details are incorrect where village wise breakup was required.
5. Copy of SOI topo sheets uploaded with proposal at C-1 (iii) & (iv) have not been signed by the forest official.
6. The .kml file attached for proposed forest land diversion appears to be in poly-line format rather required polygon format.
7. The .kml files for proposed forest land diversion and compensatory afforestation need submission in CD also for GIS DSS analysis.
8. Information regarding employment generation at E (i) part I is incorrect and needs revision.
9. The cost benefit analysis at G (i) (a) is not as per prescribed format and analysis is also erroneous.
10. The FRA 2006 certificate at K (i) (a) is not as per approved format. The certificate is without affixing seal of DM. The certificate does not bear dispatch number and date also. The list of villages attached as additional information has not been vetted by the DFO.
11. The area calculation sheet attached as additional information in part I is not supported with bar/line diagram chainage wise.
12. The muck disposal plan has not been vetted by the concerned DFO.

13/5/16

13. The additional information mentioned as "standards & conditions" has not been uploaded.

14. The land ownership certificate mentions that the land does not belong to Railways but to whom does it belong has not been provided.

15. In part II Sr no. 5, the working plan prescription is mentioned as NIL which does not appear to be correct.

16. The .kml file uploaded with part II for compensatory afforestation is in poly-line format.

17. The compensatory afforestation has been proposed as linear plantation with brick guard. The scheme does not provide details regarding location, no. of plants and other relevant information. The scheme uploaded provides only cost estimates without much needed details. CA has to be done in compact block of land.

18. The SOI top sheets attached with CA scheme does not provide many details and are without signature of the concerned DFO.

19. The site inspection report submitted by the concerned DFO is incorrect.

20. The proposal is without site suitability certificate of proposed compensatory afforestation site

21. The proposal has been submitted without NPV calculation.

22. Why different widths in different sections have been proposed, the issue needs explanation.

23. The proposal is for Km. 352 to 370.45 but the calculation of area has been done taking the road upto 380.95 km. This needs to explained/rectified.
