

1- In sl. no.5, 7 and 12 Give required information. NO DATA is not acceptable. 2- In sl.no. 13 CA of 0.6608ha is acceptable but 60 Brick guards CA on same patch is not acceptable. so remove brick guards from CA scheme and revise financial estimate of CA. 3-In sl. no. 14 Total Forest Land diverted since 1980 is 93.1638ha. Proposed CA on Forest Land and penal CA is shown is 109 ha. This is wrong. Similarly progress of CA on Forest Land is given a 0.3308ha. and on Non Forest land 0.4696ha. This also needs correction. 0.3308ha is area of Forest land proposed for diversion in this proposal not the progress of CA in all the cases sanctioned under FCA. Again go through the records and submit correct data in Distt. Profile.
