Transmission line.
Ref: Letter No. C3/Goa Tamnar/Transmission /CR-
32/2019-20/176 dated: 14-5-2020 of Deputy
Conservator of Forests, Dharwad.

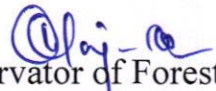

With reference to the above, It is to inform you that during my site visit of LILO of one ckt of Narendra 400 KV D/C, Quad Transmission line on 17-4-2020. It is observed that the proposed Transmission line passes just near the Forest boundary. The distance are shown in the following table.

Sl.No.	Proposal area	Distance from Forest area	Direction
1	Gungargatti	25 mtr.	North
2	Kotur	1500 mtr	North
3	Guledkoppa	50 mtr.	South

If the proposed Transmission line is realigned slightly these forest patches may be avoided.

Hence you are requested to find nearest alternative private land instead of forest land for the project.

Yours faithfully,

Chief Conservator of Forests,
Dharwad Circle, Dharwad.
