**Sub : Essential Details Sought (EDS) on the proposal to lay Optic Fibre
Cable in Anshi National Park and Dandeli Wildlife Sanctuary - Reg**

Ref : Proposal No.: FP/KA/OFC/152519/2022

Sir,

With respect to the above subject, in Part I seeking forest clearance in the proposal FP/KA/OFC/152519/2022 for laying of optical fibre within Anshi National Park and Dandeli Wildlife Sanctuary information provided on alternate proposed routes is not comprehensive. One important alternative route along SH 146 connecting Kumbarwada and Ulavi is not covered. Taking the OFC cable along this route would help to connect many more settlements and will require less forest area to be diverted within Anshi National Park. It is requested to add this alternative route and submit a revised proposal.

Thanking you,

Yours sincerely,

Field Director

Kali Tiger Reserve
