1. It is seen from the muck dumping plan that the muck is proposed to be disposed of at 5 sites in RF land and 3 sites in State Land but this land has not been included in the forest land proposed for diversion. State Govt. may clarify this discrepancy and submit revised proposal after including the forest land required for muck disposal, if necessary.
2. It is seen from DSS analysis of the proposed CA area that this land overlaps with the CA land proposed against proposal no. FP/UK/ROAD/10143/2015, FP/UK/ROAD/12464/2015 and FP/UK/ROAD/11032/2015. The State Govt. may review the position and change the CA area and submit all necessary documents for the new area to be proposed for CA.
3. It is seen from the data given in para-14 i.e. the district profile that the progress of CA (1315.278 ha) is equivalent to the CA stipulated (1315.278 ha). State Govt. may confirm the data.
4. State Govt. may submit original copies of the geo referenced digital map of the proposed road as well as the land proposed for CA for placing in the hard copy of the proposal.
