1. This is to be stated that the DFO has upload an estimate for Rs.31,62,000/- which is mentioned as wildlife conservation plan. But this is an estimate and not the wild life conservation plan. The wild life conservation plan should have been prepared by an expert taking into account the present scenarioa in the area the scenarioa after the construction of road assessment of impact the road on the wild life of the area and the mitigative measures to minimize the impact on the wildlife and the cost of mitigative measures. Therefore it apperers that the so called wild life conservation plan has been prepared without application of mind. State Govt. may do the needful in this regard.
