Sub: Diversion proposal of 22.671 ha forest land Iron Ore Grinding, De-Sliming Plants & Slurry Pumping Station and Water Intake System of M/s JSW Utkal Steel Ltd., Barbil Tahasil, Keonjhar District.
(Proposal No. FP/OR/IND/36705/2018, St. Sl. No. OR-05/2019)

Sir,

During scrutiny of the above mentioned diversion proposal vis-à-vis documents & maps, it is seen in the land use pattern map that the area of green belt zone is 22.036 ha out of total area 80.505 ha proposed for industrial purpose which is about 27.37%. Green belt creation in the form of plantation activity along the boundary of industries, internal roads, solid waste disposal site, essential area etc. have been stipulated to mitigate environmental pollution. The State Pollution Control Board stipulated to develop 33% of the industrial plant area in to Green Belt. In the instant proposal, it is seen from the land use map & Part I that Green Belt should be develop over 26.567 ha. instead of 22.036 ha.

Hence, it is requested to modify the land use pattern map and Part I showing the green belt area over 26.567 ha. i.e 33% total industrial area over 80.505 ha and get authenticated the map from the concerned Revenue, Forest Officials and yourself resubmit the same to this office for processing of the diversion proposal.

Yours Faithfully,

Sankar
