E-mail: dfo-mnr.for@kerala.gov.in

M7-3478/2019

Dated: 22.06.2022

The Executive Engineer
Transmission Division, KSEB Ltd. Collage PO
Kothamangalam.

Sir

Sub: - F&WLD Dept-Munnar Division-Construction of 220KV line from
Mankulam to Valara- regarding.
Ref: - Proposal No. FP/KL/Trans/20292/2016.

Attention is invited to the reference cited above. A proposal has been uploaded in Parivesh web portal in connection with the construction of 220 KV Double Circuit Transmission line from Mankulam to Valara, which shows that 32.081 ha of forest land is required. However, as per the discussion at this office on 25.06.2022, it was pointed out that a change in the alignment of the previous proposal would significantly reduce the number of trees to be felled in this regard. But it is seen that the old proposal has been aging uploaded. Please check whether the proposal has been uploaded as per the new alignment

Yours faithfully,

Divisional Forest Officer
Munnar Division.
