

OFFICE OF THE DIVISIONAL FOREST OFFICER: NABARANGPUR DIVISION

Memo No. 2013 /4F-(Misc)- /2016
 Dated, Nabarangpur the 2 th June, 2016

To
**The Regional Chief Conservator of Forests,
 Koraput Circle, Koraput**

Sub:- Proposal for diversion of 51.785 Ha of forest land for Turi –Guntat Irrigation project-regd.

Ref:- Your Memo No.1593 /1F(P&WL) 118/2016 dtd.02.05.2016

With reference to the above cited subject , I am re-submitting herewith the above diversion proposal after due compliance to the following observation pointed out by the Chief Conservator of Forests (FC) O/o the Principal Chief Conservator of Forests, Odisha, Bhubaneswar vide memo under reference in 4 (four) sets for onward transmission.

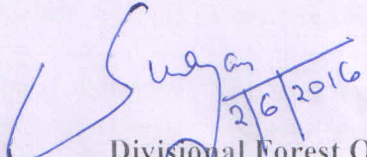

1. English translation of Pallii Sabha (Gram Sabha) resolutions is wanting	Complied at Page No.234 A to234 I
2. Detailed land schedule furnished by the Tahasildar concerned as well as DGPS map in respect of village Bikrampur do not show involvement of any Reserve Forest land in the project. It is seen that all the plots bear Khata No. and Plot No. indicating the patch of land as Revenue Forest .But in the part –II and site inspection report of D.F.O and RCCF it has been reported that the project involves 7.193 ha of Bikrampur Reserve Forest Land .The Revenue forest land 0.0016 in village Taragaon given in the abstract of forest land has not been reflected in the land schedule. This discrepancy may be clarified	The said patch of the land has been declared as R.F, yet it is in the Revenue record . Hence considered as R.F. User agency will avoid this small patch (0.0016 Ac) of forest land for this project
3. The area of non forest Govt. land in village Pilika and non forest private land in village Chatahandi mentioned in the proposal does not match with the total area of land schedule of respective villages	Complied at Page 81,57 to 65
4. Plot No.576(P) and 578(P) in village Dengagura having private ownership have been included in the Gobvernement non forest land .The discrepancy may be complied .In addition to the land schedule of village Palpur does not reflect the kissam and plot No.346,1474,1490	Complied at Page No.194, 195 & 207
5. Details of vegetative cover and engineering structure required to be undertaken in the catchment area for Soil & moisture conservation measure has not been	Complied

included in the CATP scheme, which may be revised accordingly.	
6. In the CA scheme , you have proposed to raise bald hill plantation over 20.785 ha in the identified CA land in village Nuagaon . But it is observed that the suitability certificate/information whether the area /site qualify for bald hill cost norm as per foot note in bottom –line of approved cost norm for bald hill plantation	Complied at Page No. 323
7. The identified CA land of 30.998 Ha at village Bamini needs to be revisited to consider whether the area is suitable for undertaking CA or not as the area appears to be having growth as per the Topo map and occurrence of Sal reported in the scheme	Although this patch shows Sal growth as per Topo map but now there is no such tree growth . However the area is surrounded with forest/ vegetation . The area is predominantly a flat land with existence of bushes in a scattered manner. There is no concentrated growth in the entire surveyed area.
8. Table of contents with page reference and E.mail generated (online Registration) Acknowledgement slip not enclosed	Complied at Page No.1 to 4 A

This is for favour of kind information and necessary action.

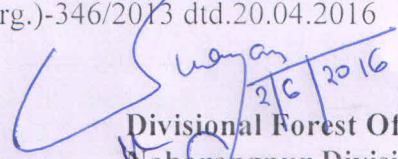

Encl:- 4(four) sets project proposal.
