महोदय,

With reference to the above mention subject and letter under reference, undersigned is directed to inform you that it is observed that the complete area of the proposal is falling in the buffer area for which proposal has already been submitted for recommendation of NBWL. This is also submitted to your kind consideration that the fresh widening is only 31.9 ha for which as per prevailing guidelines CA can be accepted for 70 ha degraded forest land being a Central Govt project. The balance area of 12.15 ha out of total 44.05 ha area proposed for diversion is existing carriageway and had build before 1980, so exempted from the requirement of CA and NPV.

With above available details the proposal is fit for discussion in REC but as per the prevailing guideline decision on Forest Clearance can only be taken after getting recommendation of NBWL in this case. Hence, the State Govt can be intimated that submit the proposal for FC only after getting recommendation of NBWL.
