-oOo-

I wish to inform that the proposal (Part-I) for diversion of 4.91 hectares for formation of road from NH 26 of 474 by 6 km to Karadavalasa of Saluru mandal in the reference 8th cited have been verified and found difference between the authenticated map communicated by the Prl. Chief Conservator of Forests, A.P. Guntur.

During the field inspection conducted with Forest Range Officer, Salur, Dy. Executive Engineer, Saluru and Assistant Executive Engineer, Saluru on 23.06.2021 it is found the following deviation in the required Forest area with reference to the Authentication map and part-I proposals furnished by the user agency.

Required Forest area as per Part-I proposals	Required area as per the field inspection	Difference between Part-I and field inspection
Length = 6.718 Kms Width = <u>7.01 meters</u> R.F. area = 4.71 hectares	Length = 6.90 Kms Width = <u>7.01 meters</u> Total area = 4.84 hectares	Length = 182 meters Area = 0.13 hectares

Hence, it is hereby requested to edit the Part-I proposal in the online accordingly, so as to keep the proposed area for diversion same. (eg: Reducing width to 6.82 meters means 6.82 meters x length 6900 meters = 4.71 hectares). Also refer to reference No.9th cited according to which CA land is required now for these proposals (> 1 hectare), therefore in Part-II proposal at PARIVESH portal the details of C.A. land are mandatorily required. Hence you are requested to clearly provide the information

about C.A. land identified for filling information online about details of C.A. land /C.A. Scheme etc.,

The (6) sets of proposals (hard copies) are returned herewith for rectification and resubmission to this office at the earliest.

This is for information and necessary action.

Yours faithfully,

(Sd.) Sachin Gupta,
District Forest Officer,
Vizianagaram.

Encl: Proposals (6) sets
