

EDS dated 17.06.2016

FP/UK/ROAD/11032/2015	Palarichhina-Mallidhana-Naini MR District-Bageshwar (4.6584)
------------------------------	---

Following shortcomings may be attended by State Government.

1. In the geo referenced digital map of the area proposed for diversion, uploaded at C (iv) Part I online and geo coordinates are shown at very few points. May provide/upload scanned copy of GIS software generated geo referenced digital map showing geo coordinates at 200 to 300 m interval along the alignment of the proposed road including all turning points (.TIFF, .IMG or .JPEG).
2. As per KML file of the alignment of the proposed road uploaded at C (ii) b Part I online, the last stretch of the road including a very long U turn appears to be extending too much inside the forest where are no villages located. The part of this long U turn can be shortened without leaving any habitation out thereby reducing the requirement of forest land and the no. of trees to be felled. May explore this possibility.
3. As per information provided at A.3 Part I online, the application is filed by Rajesh Kumar Punetha, Ex En whereas the authority to file the application uploaded at A.3 (xvii) is in the name of Shri Mahendra Kumar. Authorization in favour of Shri Mahendra Kumar may be provided/uploaded.
4. As per Decision Support System (DSS) Analysis the area of CA shown in KML file of CA in Part I shows the extent of area as 0.04 ha instead of 9.3168 ha area proposed for CA. May upload KML file again showing the correct extent of area proposed for CA.
5. Proceedings of the meeting of only Joshipalari Gram Sabha has been provided with FRA certificate whereas villages Dewaldhar & Naini also appeared to be involved.
6. The digital map of area proposed for CA uploaded at L (v) Part I & 13 (ii) Part II online is different from each other. Further, this map is provided on google earth image which does not serve any useful purpose. Geo coordinates are provided for one point only and the map is also not in shape file. May provide/upload GIS software generated geo referenced digital map of the area proposed for CA providing geo coordinates at all corner points in shape (polygon/closed area) file.
7. Administrative Approval and Financial Sanction for construction of this road uploaded as additional document in Part I is issued in the year 2008-09. May clarify whether it has been revalidated for the year 2016-17.
8. Columns pertaining to presence of rare/endangered species and presence of archaeological sites of historical importance have not been filled in the site inspection report of the DFO uploaded at column 15 Part II online.
