Dated the Keylong.....

From:-

Deputy Conservator of Forest.
Lahaul Forest Division at Keylong.

To:-

Sub Divisional Magistrate,
At Udaipur.

Subject:

Regarding Land diversion of Govt. Polytechnic at Udaipur.

Madam,

It is to kindly inform that a land diversion case under Forest Conservation Act is ongoing on Parivesh Portal from the user agency Pr. Govt. Polytechnic, Udaipur. In this regard an EDS was raised to user agency regarding a revised detailed & factual joint inspection report to be submitted as per observation raised by MoEFCC (copy enclosed). However the U.A has not provided a detailed joint inspection report in this regard.

It is to further inform that the area involves total of 392 trees & saplings of ecologically important important species. Keeping this in view and the land scarcity in Udaipur it is further submitted that an EDS was raised by DFO Lahaul on 19/02/2025 possibilities of vertical expansion of blocks was to be considered & possibility of reduction of land is also to be explored.

The User agency has submitted that the land requirement is as per AICTE norms. Udaipur being a rural area in the trans Himalayas availability of land is a concern as many land diversion cases are ongoing & might be needed in further as well. In this regard it is requested that possibility of reduction of land may be explored and if any suitable alternate land is possible may be needs to be explored.

Considering the fragility of this land & lack of availability of larger parts of land, it is a kind request to conduct a joint inspection to review the concerned patch of land as per the observation raised by MoEFCC & as per the practical field conditions in co-ordination with user agency and the undersigned.

Suitable date may kindly be conveyed for this joint inspection.

Encls: - i) EDS raised by MoEFCC
ii) Map of land along with soft copy of KML on mail.
iii) Tree Enumeration list
iv) EDS reply by User agency.
