Memo:

Please refer to your office letter No.D-IV-a(S)/Dharamshala/2240 dated 18.6.2018 on the subject cited proposal.

2. Against column No.7(vi) of part-II in hard copy of the proposal folder as well as against column No.4(i) in online part-II, density of vegetation has been mentioned as 0.5, whereas the NPV has been calculated on the basis of open forest. Moreover, the eco-class categorization also appears wrong. It should be Eco-class V and not Eco class VI. Necessary clarification is required to be supplied in this regard and revised bill of NPV is required to be supplied as per actual density of vegetation and eco-class.
