Memo,

Please refer to your office letter No. PW-SRDD-Diversion of Forest Land//2024-2773-74 dated 28<sup>th</sup> June, 2024 on the subject cited above.

2. On perusal of the reply submitted vide your letter referred to above in connection with the shortcomings noticed by this office vide letter No. FDRSML-A/18/2023-REC-RD (R) SML-Forest Circle Shimla dated 22<sup>nd</sup> December, 2023, it has been found that the shortcomings on the following points have still not been attended :-

1. By submitting the reply on Point No. 1, you have intimated that "*the documents related to the Checklist of the Forest (Conservation) Act, 1980 uploaded online in the Part-I cannot be changed as per the consonance of the Checklist i.e. Full Title of the Project, Proposal No. Proposal Date, Place and Date. Because this case is uploaded on old portal. So let it continue like this*" which does not serve the purpose. Whereas, you are well aware that there is an option to upload the revised documents on both of the portals either it is old or new portal, hence, the question of non-uploading the documents on the Parivesh portal does not arise. This office has already intimated in the Point No. 1 of the letter referred to above that this office is being pressed hard~~ly~~ from the Higher Authority to properly scrutinize/examine the proposal submitted online on Parivesh portal. Therefore, keeping in view of the facts narrated above, the proposal submitted on the Parivesh portal cannot be moved further till it is not been uploaded properly i.e. as per the consonance of the Checklist of the Forest (Conservation) Act, 1980. Hence, the User Agency has to do the needful as above.
2. On Point No. 2, you have intimated that "*the visible copy of the Landuse Map uploaded under Additional Information Details*", whereas the same has not been found uploaded as intimated. Therefore, the same is required to be reviewed and rectified.
3. On Point No. 5, you have intimated that "*the Enumeration list of trees along with General Abstract coming in the proposed alignment has been attached & same has been uploaded under additional information details*" whereas, neither the same has been attached nor found uploaded online on Parivesh

portal under Additional Information Details. The same is required to review and rectify.

4. On Point No. 7, the Undertaking has been found uploaded but the same is not on the appropriate scale i.e. Full Title of the Project, Proposal Name, Date of Proposal and Place and Date at the end has not been found mentioned in the document attached as per consonance of the Checklist of the Forest (Conservation) Act, 1980. The same is required to review and ensure to upload the document by mentioning all the details mentioned above as per consonance of the Checklist of the Forest (Conservation) Act, 1980.

Therefore, the above shortcomings may be attended as per the prescribed time limit of the Forest (Conservation) Act, 1980.
