Sub: Proposal for diversion of 2.1249 ha of forest land for construction of 132 KV single circuit transmission line double circuit tower from 220 KV Salakati GSS to 132 KV APM GSS in Bhairb Hill PRF under Aie Valley Division, Bongaigaon by AEDCL-reg..

Ref: (i)Letter No. eCF No. 358347/116 dated 31.05.2024 of Govt of Assam.

(ii)Letter No.3 AS B/220/2022/GHY/4834-35 dated 10.11.2023 of Sub Office, Guwahati.

Sir,

With reference to the subject and letter cited above, I am directed to inform that the information submitted by State Govt letter under reference (i) above has been examined in this office and following discrepancies are observed:-

1. The submitted alternate route examination appears to be combined with other stretches of the transmission line. State Govt is therefore to re submit the same only for this proposed area separately along with other stretches involved both in forest and non forest land and resubmit the forest clearance status.
2. The CA site was identified in 4.24 Khorahgaon PRF. The proposed project involved Non-Forest Land. Hence provide the Chief Secretary certificate for non availability of non forest land or else identify non forest land for the CA site and submit along with Sol maps, GPS coordinates, kml/shape files, site suitability certificate etc.
3. The RoW of the proposed transmission line.

State Govt. is requested to furnish the above information to this office at the earliest for further processing of the proposal.

भवदीय,
(Dr. Hemen Hazarika)
