4.This Office Rc.No.1054/N10/2016,dtd.08.06.2016 & 21.06.2016.

In continuation of this Office reference 4th cited, It is informed that, the Forest Range Officer, Banswada through reference 3rd cited has reported that, for diversion of 4.365 Ha. of forest land in Nizamabad and Kamareddy Divisions for laying of pipe line in Segment 11/4 (Mallannagutta) for providing safe drinking water in Nizamabad District set No.1 falls in Rampur Section of Banswada Range jurisdiction with a proposed diversion area of 0.326 Ha.

Further it is informed that, the Forest Range Officer, Banswada has inspected the proposed area on 06.06.2016 and noticed that, the User Agency has proposed for laying of pipe line from Latitude 18.36584 Longitude 77.97538 (S11-60) to Latitude 18.37617 Longitude 77.97631 (S11-49) for a length of 1200 Meters in part of Set No.1 i.e., from Mondri Sadak "X" road to Kancharai Tanda.

But as observed on the ground, from Latitude 18.36584 Longitude 77.97538 (S11-60) to Latitude 18.36959 Longitude 77.97603 (S11-62) for a length of 450 Meters falls in Gandhari Range of Kamareddy Division jurisdiction. But the User Agency has submitted proposals for the length of 1200 Meters in Nizamabad Division instead of 750 Meters in Nizamabad Division and 450 Meters in Kamareddy Division. Hence the proposals may be revised.

(P)

It is also pointed out that, in the area proposed by the User Agency demarcation at close intervals (10-20 m) of the proposed diversion of forest land with flags and pegs is not done on the ground in the proposed alignment.

In view of the above, it is once again requested to revise the diversion proposals by splitting the proposals with 750 Meters and submit in Office of Divisional Forest Officer, Nizamabad and submit the proposals of remaining 450 Meters in Office of Divisional Forest Officer, Kamareddy Division and also requested to demarcate the forest land with flags and peg marks, so as to carryout the enumeration at the site.

Yours faithfully

Sd/- Divisional Forest Officer,
Nizamabad.
