

No.D-V/582/G/ 1697
HP Forest Department

Dated Chamba, the 6/7/2021

From: Chief Conservator of Forests, Chamba

To: DFO Churah.

Subject: Diversion of 3.677 hectare forest land in favour of HPPWD Division Salooni for construction of link road from nadal to Jutarahan (Km 0/0 to 3/090) within the jurisdiction of Churah Forest Division.

Memo.

Please refer to your office memo. No. 1183 dated 19.06.2021 on the subject cited above.

2. In this connection, it is observed that while scrutiny of the proposal online as well as hard copy the following shortcoming is noticed:

1. In the Part-II Hard Copy, against the column distance of proposed road from the forest boundary, it has mentioned that this being a linear project, distance of proposed road from forest boundary varies at different places, whereas in online it is mentioned as 0.1 km. An average distance is required to be mentioned.
2. Against online Part-I, the total of forest land under Village wise breakup is 3.563, which is not matching with the area proposed for diversion. Necessary correction is required.
3. Against column part-1 E-ii, 2 number of permanent is given has been mentioned, whereas, in the hard ^{copy} no such details for permanent employment is given has been mentioned.
4. Against online part -1 E-iii, temporary employment to be generated is mentioned 104000, whereas in hard at page 11, 10400 man days and at page 19, 8765 man days has been mentioned, which is not understood. Please check and correct by accompanying the documentary proof.
5. As per the part-II online and hard copy and NPV bill forest land proposed falls under the class-VI, but in the NPV bill class -V, i.e. 657000/- rate is applied for calculation of NPV amount. Hence, revise the NPV Bill and upload on the portal and replace in the proposal folder.
6. In the proposal folder details given at Page-99 for construction of link road from Dhargala to Singa, the detail for the proposed road is required to be given.

7. In the hard trees abstract 932 numbers of trees of various class and species are mentioned, whereas online part-II only 930 trees have been mentioned, which need to be corrected.
8. Online part-II density of vegetation is mentioned 39, instead of 0.39. Hence correct the same.

Hence, you are requested to please attend the above observations and re-submit the case to this office at the earliest, so that the further action could be taken under FCA-1980. The proposal folder as received in this office is returned herewith for doing the needful.

Encl; As Above.
