

PROPOSAL NO. FP/UK/ROAD/18062/2016

1. The copy of GIS software generated geo referenced digital map is without showing geo coordinates while geo-coordinates should be at 200 to 300 m interval along the alignment of the proposed road including all turning points. The revised map may upload showing digitally marked geo-coordinates on the map placed in the designated column in online Part I.
2. The digital map of area proposed for CA is provided with only four geo-coordinates shows on google map which does not serve the purpose. May provide/upload GIS software generated geo referenced digital map of the area proposed for CA providing geo coordinates at all corner points in shape (polygon/closed area) file.
3. This project involve boundary of two villages as mentioned in the list of villages to be benefited and village wise break up but proceeding of village level committee meeting is mentioned only one village *Polap*. The proceeding pertaining to other village *Royal* may also be furnished to this office, if required.
4. The information provided in Part II that the area proposed for diversion is less vulnerable to soil erosion therefore; the protective measure taken to minimize the soil erosion may also be furnished to this office.
5. As per Decision Support System (DSS) analysis, out the total area of 5.286 ha proposed for CA, 1 ha is on very dense forest and 3 ha is on moderately dense forest. State Govt may replace this 4 ha area with some other area suitable for CA and provide/upload revised digital map, SoI topohseet map and KML file of the complete 5.286 ha CA area again after making the above change.
