of RO-The
State Govt in
reply dated
20-06-15 has
now stated
that no felling
is involved and
hence
in-principle
approval has
been issued at
their level.
however, it is
not understood
that how the
building
proposed over
the said forest
land can be
constructed
without felling
of project
affected trees.
The list of trees
submitted with
additional
documents
says felling of
44 trees is
essential
whereas in the
abstract of
project affected
trees it is
mentioned that
no tree felling
will be carried
out. however
the abstract is
not is not
signed by DFO
and DFO in
part II has not
mentioned
anything
about not
felling of trees.
DFO should
inspect and
submit a clear
report on the
number of
trees to be
felled so that it
could be
ascertained
whether it
comes under
the purview of
State G
