**The following shortcomings are found in the proposal:-**

1. Details of working plan prescription given by DCF in PART II is incorrect.
2. Approximate distance given from forest is 0.5 ha., then why diversion is proposed and recommended? DCF has given the details in part II of the proposal. Please clarify it.
3. CA scheme should be given for 1000 plants per ha. as per FCA guidelines.
4. CCF has to attach and upload his site inspection report.
5. NFL is not required in the proposal. So remove all the documents and letters for NFL in the proposal.
6. User agency has not uploaded and attached undertakings regarding CA, NPV, other conditions, additional NPV, No other use of diverted land etc. are not given by user agency.
7. Employment generation report is not given.
8. DCF has not given the number of trees to be cut and trees to be pruned in tree enumeration report.
