Sir,

In reference to your above mentioned letter where approval for above referred forest land diversion proposal was sought, I have been directed to convey following shortcomings of the proposal for necessary rectification:

1. The signature of person authorised to make application on behalf of User Agency has not been authenticated at part I A-3(xvii).
2. Information regarding village wise break up of Non Forest Land does not matches with the information provided at A-1 (ix) part I.
3. Km1 file of proposed forest land for diversion is in polyline format which is not amenable to GIS DSS analysis. Km1 files should be submitted in polygon format.
4. Geo referenced map uploaded at C-b (iv) in part I of the proposal is without geo coordinates of key points.
5. Cost Benefit Analysis placed at Q (a) in part I is not as per guidelines of the MoEF&CC.
6. There is a rounding off error in area calculation of proposed forest land for diversion for Shiwalik Forest Division and Social Forestry Division, Saharanpur. This issue needs correction.
7. Abstract of enumeration of both divisions do not tally with online details submitted. Abstract of enumeration pertaining to Social Forestry Division, Saharanpur is provided in dia class whereas the same should be in girth class.
8. Km1 files for proposed compensatory afforestation sites are provided in polyline format which is not amenable to GIS DSS analysis.
9. A portion of road falls within Eco Sensitive Zone of Rajaji National Park of Uttarakhand and comments of Chief Wildlife Warden of Uttarakhand shall also be incorporated with the proposal.
10. Part V of the proposal has not been uploaded with the part II online.
