F. No 4-TSB240/2022-HYD/६३३
To,

Date 30th August 2022

The Special Chief Secretary to the Government,
Environment, Forests, Science & Technology Department,
Telangana State Secretariat, Hyderabad.

Subject: Diversion of 2.121 Ha of Forest land for formation of approach road for construction of HLB across Manjeera river from Dharmareddy to Muddapur via Venkampally road PR road in Kamareddy District in favour of Executive Engineer, R&B Division Kamareddy-reg.

Reference: 1. Proposal No. FP/TG/ROAD/31490/2018
2. Letter No. 20979/2017/FCA-1 dated 10.06.2022
3. Letter No. 1587/For.I(1)/2021 dated 15.06.2021

Madam,

With reference to the above cited proposal, it is noticed that there is a road existing within the forest area which is now proposed for widening. In this regard, I am directed to inform that the proposed alignment is deviating from the existing road and is cutting across the forest area leaving a small fragment/patch of forest, which is prone to encroachment in future. Keeping in view of this fact, it was requested to follow the existing road alignment instead of diverting from the existing road. The justification furnished by the EE regarding taking a deviation from the existing road alignment is not acceptable. The proposed alignment, if approved, will leave about 2-3 ha of forest land making it vulnerable to encroachment. Further, if the road is aligned along the existing road and the outer boundary of forest, the road may act as a permanent boundary to the forest area. Therefore, the proposed road may be aligned along the existing road and the outer boundary of the notified forest before it joins the private land.

It is requested to submit the revised alignment of proposed road for further processing and consideration.

Yours faithfully,

[Signature]
30.08.22
