2 In this regard, it is informed that reply to the observations as raised vide this office EDS dated 02.03.2016 is not correct. It is matter of concern that case is being forwarded through online without attending the observations. Following shortcomings are still noticed in the part-II online of the proposal.

1. Against column No. 13 (i), the total area of CA site has been shown as 1.116 hectare whereas CA has been proposed over 2.25 hectare of degraded forest land. The area be corrected against this column.
2. CA scheme as uploaded against column No. 13 (ii) is for another project i.e. construction of Dev. Of existing takeoff site at the billing. The CA scheme for 2.55 hectare proposed to be raised in U 23 B Khasra Karot-C-2 be uploaded against this column.
3. Instead of KML file of CA site, KML file of project seems to be uploaded against column No. 13 (i) of Part-II. It may checked and revised KML file of CA site be uploaded against this column.
4. In the joint inspection report no correction has been made as desired vide this office EDS dated 02.03.2016.
5. It is matter of concern that user agency is still furnishing undertaking of FRA certificate since 2015. As per period of more than 7 years has been elapsed. Therefore, user agency may also be directed to provide the reasons for not obtaining the FRA certificate till date.
