Guwahati- 781005, Assam.

Sub: - Transfer of 425.5 hac land to Forest Deptt. for compensatory afforestation at Bilaipur village area under Langting Range against diversion proposal of Mining Lease of calcom Cement India Ltd.,

Sir,

With reference to the subject cited above, I am to inform you that the council has been allotted a plot of land measuring 425.5 Ha (3191.25 bigas) located at abandoned Bilaipur village area, P.O-Langting under Langting Range near Nagaland Boder vide Order No. Rev/S/4-Allot/2015-16 dated Haflong the 21/11/2015, (enclosed) but the areas is not suitable for compensatory afforestation .

In this regard, I like to highlight the following justification on the plot of land at Bilaipur.

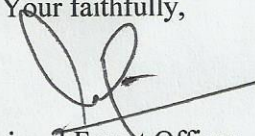

1. The Bilapur village was situated in Nagaland Border. It is about 25 K.M from Langting Bazar. There is no road connectivity to reach the area except four wheeler Truck on Kacha muddy Jungle road.
2. Supervision, Inspection and monitoring of plantation may not be done properly due to lack of communication.
3. The labour force has to be procured from far flung area.
4. There is no infrastructure to accommodate the labourers.
5. There is no facilities to purchase essential commodities.
6. The labours as well as forest staffs has to walk 25 km on foot to reach the plantation area at Bilaipur
7. The Plantation work is time bound work which is to be completed in due time. In creation of 425.5 Hac. Plantation a huge numbers of labour to be engaged at a time, unless the success and survival of plantation will be at risk, ultimately it will become a wastage of government fund.

Therefore, taking into account the pros and cons from all aspects, the Bilaipur area is not suitable for compensatory afforestation.

In this connection, I am to inform you that I have identified a plot of land measuring 425.5Hac. at Boro Langherang village area. The No objection Certificate from village authority is enclosed herewith. The area is situated near D.D. Road under Garampani Range, and only 3 KM distance from Thaijuwari Forest Check gate. It is accessible and there will be no problem for supervision, inspection and monitoring of plantation. In this regard, i am to request you to provide 6 (six) sets of Topo-map and herein located the compensatory afforestation area alongwith GPS Co-ordinates at least 4 corner immediately for onward necessary action.

Enclo :- As above.

Your faithfully,

Divisional Forest Officer,
Dima Hasao Forest Division (West),
Haflong.

THE NORTH CACHAR HILLS AUTONOMOUS COUNCIL HAFLONG
SETTLEMENT & REVENUE DEPARTMENT
