सेवा में,

**अपर मुख्य सचिव**

वन, पर्यावरण, एवं जलवायु परिवर्तन विभाग  
झारखण्ड सरकार,  
नेपाल हाउस, राँची - 834002.

**विषय:-** चतरा जिलान्तर्गत NH-99 चतरा बाईपास सड़क निर्माण हेतु कुल 60.0849 हेतु वन-भूमि अपयोजन प्रस्ताव के संबंध में।

महाशय,

निर्देशानुसार उपरोक्त विषयक आपका पत्र संख्या-वन भूमि-23/2024-3455/व०प० दिनांक 29.08.2024 के सम्बन्ध में अवगत करना है कि उपरोक्त वर्णित परियोजना प्रस्ताव के जाँचोपरान्त यह पाया गया कि प्रस्ताव के ऑनलाइन आवेदन में निम्नलिखित दस्तावेजों/जानकारी को अपलोड कराने की आवश्यकता है:

- I. The total area proposed for diversion mentioned in online Part-I and Part-II is 64.0849 ha instead of 60.0849 ha which is actually forwarded for consideration by state authorities. The proposed area has been revised by concern DFO & CF as 7.49 ha of forest land has been proposed for 'Utility' purpose, out of which 4 ha is proposed to be utilized for development of roadside amenities like Cafeteria, Hospital, Rest Room etc. These are non-site-specific activities and can be developed on non-forest land as well. Hence concerned DFO & CF have not recommended the corresponding area. These non-site specific amenities must be shifted to non-forest area and must be highlighted to make the desired shift visible to processing authorities.
- II. Present alignment, at place, shows that road is deliberately diverted to forest area for logistic ease as the bypass road of the town is 90% proposed in forest only which can easily be avoided.
- III. The alternative routes of the road are not judiciously explored. The DSS analysis shows that the proposed alignment is fragmenting several forest patches involved leaving few fragmental parts discrete, isolated and impractical to manage like forest in the vicinity of a sprawling urban area. Therefore the alignment must be shifted to save such fragmentation and loss of forest thereafter.
- IV. Comments from State Forest Department, Nodal Office (FC) and concerned DFO regarding actual tree felling for the project have not been submitted. Details in this regard may be uploaded.
- V. Cost Benefit analysis is not correct. It may be rectified.
- VI. Undertaking/ Comments of the User Agency regarding the implementation of Wildlife Management Plan, Soil Conservation Measures.

- VII. The details (PF & JJ land) of kml and Geo-referenced pdf map are mismatched. Therefore, it needs to be corrected.
- VIII. CA needs to be proposed on equivalent Non Forest Land instead of Degraded Forest Land. Accordingly, kml file of revised CA area and all related documents needs to be uploaded on portal.
- IX. Encroachment, both agricultural & residential, has been observed at some places in the proposed forest.

अतः अनुरोध है कि उपरोक्त वर्णित अवलोकित तथ्यों के आधार पर प्रस्ताव को पुनः तैयार कराते हुए ऑनलाइन में अपलोड कर प्रसंस्करण हेतु इस कार्यालय को प्रेषित कर अनुगृहीत किया जाय।

विश्वासभाजन

(शशि शंकर)

उप वन महानिरीक्षक
