The Executive Engineer
PMGSY Division
Ramban.

No 2749-S1/BFD

Dated: 12-09-2022

Subject:- EDs regarding construction of Batote to Chakwa Road

Reference:- Your online proposal FP/JK/ROAD/154569/2022.

Sir,

The instant proposal submitted by you regarding construction of Batote to Chakwa road was fully examined by this office. After repeated field visits it has been concluded that proposed alignment will take toll of 248 No of conifer trees besides 97 saplings. In order to avoid huge loss to the environment you are required to explore some alternative available along the proposed alignment at the earliest so that these huge conifer trees are saved and proposal is processed. Besides following information is also required;

- (i) Total length of the proposed road. (in Km).
- (ii) Length of Road constructed so far.(in Km).
- (iii) Remaining length to be constructed.(in Km).
- (iv) Length of road proposed in instant proposal.(in Km).

An immediate action in this regard is solicited.

Yours faithfully,

(Kuldeep Singh)JKFS
Divisional Forest Officer
Batote Forest Division
Batote.
