

**Govt. Degree College Sihunta (1.5298 ha)**

Following shortcomings still remain in the online reply dated 23.08.2017 of the State Govt to EDS dated 10.04.2017 of this office which may be attended by the State Govt.:-

1. Vide Point No.5, it was specifically required to provide the layout plan showing location and dimension of the components as given in the component wise breakup at para- B 2.4 Part-I online. Though in reply to this point a layout plan of the project has now been uploaded as additional document and also provided in hard copy but the detail of components given in the layout plan is totally different from the components mentioned in the component wise breakup. The State Govt. may ensure providing component wise breakup and layout plan having the name and dimension/ area exactly same in both (component wise breakup and layout plan) as per actual ground situation.
