Madam,

With reference to the above subject matter, M/s Greenko Energies Pvt. Ltd (GEPL) vide Online Proposal No: FP/RJ/HYD/121439/2021 has submitted online application for diversion of forest land of 407.8227 Ha for development of 1800 MW Pumped Storage Project in Baran District, Rajasthan.

In the proposal that 5 times Net Present Value (NPV) has been proposed for the proposed diversion area as the project area falls under conservation reserve. Hence in view of the above clarifications issued by MoEF & CC, One-time NPV rates should only be applied in the present case. We request you to kindly revise the NPV payable for diversion of 407.8227 Ha accordingly.

Thanking you
Yours faithfully
