

Diversion of 0.7649 ha of forest land in favour of M/S Manimahesh Enterprises 123/6Samkhetar Mandi, HP, for the construction of 0.40 MW Small HEP at Bithri in Distt.Mandi, within the jurisdiction of Karsog Forest Division distt Mandi, HP.

1. Against column No.4 (ii) of online part-II and as per enumeration list of trees placed at P.No.266-267, 19 trees are standing over the forest land proposed for diversion. The 10 times of number of 19 plants comes to 19X10=190 trees and CA scheme in terms of number of plants should be for 190 trees. But against column No.13(ii), CA scheme in terms of number of plants of 290 trees has been uploaded and placed at P.No.270-275. CA scheme in terms of number of plants of planting 190 trees is to be uploaded and placed in the proposal folder.
2. In hard copy of the proposal folder the P.No.18-213, detailed project report has been placed in the proposal folder, which is not required to be placed in the proposal folder, if placed the signed copy of the report is to be placed.
3. In the map of the project site on toposheet, placed at P.No.214-215, the proposed site has not been shown on the toposheet. Map on toposheet showing the project site is required to be placed in the proposal folder.
4. Papers placed from P.No.220-235, in the proposal folders are unsigned. All the papers related to the project, placed in the proposal folders should be signed by the UA.
5. In hard copy in one of the proposal folder although original copy of FRA has been placed but all the proceedings are photocopies. All the photocopies of the proceedings are required to be attested.
6. Tr. Line component is the integral part of a Hydro electric project and as per TEC, for the evacuation of power the IPP shall interface this project by constructing 0.6 kms long 22kv HT line from Bithri to existing 22 kv HT line at Bithri village. As per detail of components given in part-I and detail given in check list 23 at P.No.285 of the proposal folder, Tr. Line component has been proposed. But detail of Tr. Line component separately, i.e. the length of Tr. Line with ROW and Voltage of Tr. Line is required to be placed in the proposal folder.
7. NOCs from HPPWD, I&PH and WL point of view are not required at the time of submitting detailed project report but now are to be placed in the hard copy of the proposal folder.
