महाशय,

The forest diversion proposal pertaining to the subject above was discussed in REC'S meeting dated 31.07.2023. It was found that the proposal involved violation of Forest (Conservation) Act. 1980 as user agency erected few transmission towers in forest land without prior approval of Central Government. Therefore, the proposal was sent to Ministry's headquarter (HQ) at New Delhi for further consideration of the mater.

The HQ has desired:-

- The complete action taken report by state forest official (DFO) including the prosecution proceeding done in the court of law against the violation done.
- Documentary evidence to establish that the violation by way of starting work in forest land was done after the FC application was submitted by user agency.

Therefore, the above information and copy of all the correspondence done by SFD with user agency in relation to violation may be submitted to this office for getting the requisite done.

For your kind consideration and prompt necessary action please.

आपका विश्वासभाजन
